## Action Taken Report

I, the U/s, Dr A N Barbole , Chairman & Principal of *Maratha Samaj Seva Mandal, Solapur Sanchalit Chhatrapati Shivaji Night College of Arts and Commerce, Solapur* herewith record my opinion and ATR of Analysis of Student Feedback forms and other three.

I do find that Analysis by third party namely DEVA CONSUYLTANCY SERVICES, SOLAPUR that it is divided in four sections namely :

- 1) Student Feedback on Curriculum
- 2) Teachers' Feedback on Curriculum
- 3) Alumni Feedback on Curriculum
- 4) Employer's Feedback Report.

Review and ATR is done stepwise:

I state and declare that :

- 1) Analysis Conclusion Report No 1 : ...” from the analysis it is concluded that students are satisfied with present syllabus with overall environment, ambience, and infrastructure.”

### Comments and ATR

#### Comments:

It is a fact that 76% students are satisfied with present syllabus, 24% students are not satisfied with present syllabus.

### ATR

- 1) It is true that our college is affiliated one. So we have limited flexibility in framing and designing syllabus.
- 2) It is decided that from next academic year i.e. 2023-24 we will communicate to BOS of PAH Solapur University to modify syllabus and make it more job oriented.
- 3) Analysis Conclusion Report No 2 :

### Comments :

“ Respondents are of opinion that syllabus is suitable to the course and need based and respondents have freedom to adopt new technology of testing and assessment of students, Aims and objectives of syllabus are well defined and clear to teachers and students sufficient numbers of books are available in library . Course has good balance of cross-cutting issues. Course/Syllabus increased knowledge and perspective in the subject areas. Test and examination are conducted well in time with proper coverage of all units in syllabus. “

### ATR :

I focus why 1 student and 4 students are of the opinion that they “disagree”. The major cause is our syllabus is designed by university since our college is affiliated one, A care will be taken that no student will be dissatisfied. From next academic year, each student will be contacted, consulted and convinced. In Graph 4, 08 students have expressed as “Disagree” I try to find the reasons. I do know the limitations of resources. We will upgrade gradually. If a student needs a rare book, we will give him access to digital libraries through E-Nlist. More books will be purchased from next academic year i/e. 2023-24. Online resources will be provided to students. Graph - 6 - 11 students have strongly disagreed regarding Cross-cutting issues. As a Principal of the college, every student is important. We will explain them what Cross Cutting matters. Many cross cutting issues are burning in present scenario. Our college is committed to student.

Analysis Conclusion Report No 3 (Alumni) :

### Comments :

“ ...that curriculum Design is suitable for meeting overall and develop the global competencies of students. „,Responds fill that college is an interesting place.”

### ATR :

In Graph 2, 87 students happy to agree that Curriculum Design meets Global Competencies. In Graph 04, 71 students are happy with Value Based education. Only 1 student has strongly disagreed. Majority is not important. I am concerned with the one

student. Human values cannot be taught directly. It must be inculcated through syllabus, lectures, counseling and good rapport. In short, we will make our college an interesting place for learning.

Analysis Conclusion Report No 4 (Employers Feedback) :

**Comments :**

“From the above analysis we conclude that respondents are satisfied with General Communication Skills and the way students Develop practical solutions to work place problems.. Students have ability to take up extra responsibility and have Ability to manager/Leadership qualities, Students have ability to take up extra responsibility and have Ability Obligation to work beyond schedule of required”

**ATR**

I am of the opinion that our Night College students have a great potential and gumption. Our students are hard working. They believe in “Learn-awhile You Earn”. They work during day time as mason, tailors, workers, farm labors. Although they are poor, they have great abilities. They have skill and energy. I am sure that they have ability to go beyond schedule of required.

So it is declared that I am satisfied with the Analysis done by DEVA CONSUYLTANCY SERVICES, SOLAPUR. Hence,

*I accept the report and approve.*
